## messages from the principals

Clive Pantin

### ***Heartiest Congratulations to the Class of '84***

My, my how time does fly! I have noted, with immense pleasure and satisfaction, how well you have done. You have truly "answered to your call" and I am proud of you.

May God continue to bless you and your families.

Clive Pantin

“On behalf of the  
Fatima College Community,  
I thank and congratulate you  
for your efforts at maintaining  
our high ideals.”

Anthony Garcia

### ***Class of '84***

A few months ago, I read a book by Dr. Ann Ferguson entitled "Bad Boys". This book describes how bad boys are made; not by members of the criminal justice system, on street corners, in shopping malls or video arcades, but in and by schools, through the very measures used to make them into good boys. Since reading that book, I have become more resolute in my view that Fatima Boys are "Good Boys". Certain elements in place at our College make it possible for me to make this statement with such conviction.

The class of 1984 offers that inspiration to Fatima College, which guides us in whatever we do, ensuring that we maintain the highest standards of educational achievement. You act both as support and facilitator and our successes are due in no small measure to the dedication and commitment of our Old Boys.

On behalf of the Fatima College Community, I thank and congratulate you for your efforts at maintaining our high ideals.

Anthony Garcia  
Principal

## fatima old boys' association

Stafford Yorke

### **Fellow Alumni...**

I take pleasure in this opportunity to offer congratulations, on behalf of the Fatima Old Boys' Association, on the celebration of your class reunion. This type of coming together and strengthening of ties "outside the grey shirt" could only auger well for our organisation, which is solely dependent on the enthusiasm and willingness of our past pupils to serve our Alma Mater.

The Fatima Old Boys' Association is committed to upholding the ideals of the Our Lady of Fatima College and to do all in its power to assist the management and staff in maintaining the highest educational standards in a quality environment. It is a great source of encouragement to see students, twenty years after and in the midst of professional success, return to their educational roots and give recognition to where it all began.

Congratulations to you and may God bless us all.

It is with great pleasure that I offer greetings to all on behalf of the 'Fatima Class of 1984 Reunion Committee'. The planning of the reunion dinner and associated items, such as this commemorative publication, have been a six-month plus 'labour of love', fuelled by the pride we all feel as Fatima alumni, as well as the desire to meet our friends and former classmates who were so instrumental in molding us into the people we are today.

It has been my honour to chair such a hard working and dedicated committee, and I offer my personal thanks to all members and their families for their efforts and support. The committee is also grateful to the many non-committee members and non-alumni who have helped make all this all possible - our deepest thanks to you.

We hope that this reunion will be the first of many, as we strive to maintain our bonds of friendship in the face of the ravages of time. In 2009, our class will be celebrating its Silver Anniversary, a milestone surely warranting a grand event. You can look forward to an earlier start for the planning next time, and hopefully much greater participation as a result.

In closing, we wish the 1984 graduating alumni good health and safety until we meet again and, as noted in our school song, "come answer to the call, from far and wide".
