Fatima Old Boys' Association

Barry Davis

Dear Fellow Old Boy

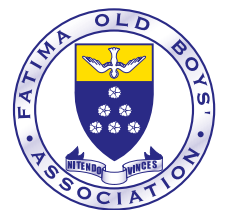

Firstly I would like to extend my hearty congratulations, on behalf of the Fatima Old Boys' Association, to the Class of 1984 on your continuing successful efforts to keep the Fatima spirit alive and strong amongst all of you, through a meaningful and successful "Silver Anniversary" reunion, just five years after your initial 20th anniversary celebrations. The Class of 1984 is definitely a great example of the comraderie and bonds that were created at Fatima College, our Alma Mater. The work done and sacrifices made to ensure the successful hosting of two reunions in five years is a fine example to all other Old Boys of our College. Well done!

The Fatima Old Boys' Association continues to make efforts to ensure that our Alma Mater receives all assistance necessary to maintain and improve its quality and standards. As a key

stakeholder, we are in a position to provide guidance, as required, to the College during these dynamic and ever-changing times. We would not be successful now or in the future without the encouragement, dedication and assistance of those who have passed through the class rooms of this great school. The success and excitement of your reunion signifies the importance that Fatima played in your lives, and in so doing provides encouragement and inspiration to us at the Fatima Old Boys Association.

Congrats again!

Reunion Committee

Marlon Hoo Fatt, Stephen Harris, Joel Latiff,
Brian Ho, Raymond Samms, Derek Daniel

“Why do you do it?” This question has been posed to several members of the reunion committee about the efforts involved in making these reunions a reality. Some classmates don’t understand this small group of guys committing the time and energy that it takes to make these events a success. Well, each person is motivated by their own drivers, but for most members of the planning committee, the camaraderie that the reunion and the planning events of the reunion brings out make the efforts all worth it. As we said last time, a true labour of love!

“Did five years really pass that quickly?” It seems like just yesterday when we had our inaugural reunion function, celebrating twenty years since our completion of form five classes. In the blink of an eye we have reached our Silver Anniversary, the quarter-century milestone. The ‘silver lining’ on this passage of time is the many new friendships, relationships, and bonds of one sort or the other, that have tied the class of ‘84 together for the last five years. These said years have been scattered with many moments of celebration and also several moments of sadness; through it all, this group has celebrated or supported each other in a way that is the envy of most classes that have ever passed through the halls of Fatima or the halls of any other College. Some events have been particularly bitter pills, such as the passing of our former committee member Simon (Farrell), a loss that still weighs heavily on us in its suddenness. The outpour-

ing of love and emotion that this event fueled was the ultimate example though of how our togetherness and strength has grown as a group, and of how our powerful our network has become. Simon would surely be proud of the results of his efforts.

Going forward... The ‘Miscellaneous Events’ section of this magazine highlights how, rather than waiting for major events every few years, we now come together for much more spontaneous and in some cases meaningful endeavours. We envision many more such ‘mini-reunions’ over the next few years as we build towards the next ‘big-event’.

In closing, we wish the 1984 graduating alumni good health, prosperity and success. Let us continue to grow our friendships and unite our families until we again “come together from far and wide”.
